

FORMING AMMUNITION TRAIN AT CAMP MEADE

Sanitary Units Also Being Organized—Lafayette Day to Be Observed

Camp Meade, Md., Aug. 29.—Work of organizing the various sanitary detachments of this division and the ammunition train is rapidly getting under way. Hundreds of officers and men have been picked for the sanitary units during the last few days, while a bunch of husky chauffeurs has been chosen for the ammunition train.

The authorities have their scouts out looking for blacksmiths, mechanics, wagoners, men of brawn who will be able to do all the heavy work that such an organization as an ammunition train requires.

While most of the men in the ammunition train will be picked from this cantonment, some of the members of the units will be country-wide in its scope. The members of an ammunition train have no "bullet-proof" mobs. They are always in danger, for if it will be up to the boches to try to put them out of business before they can get the ammunition to the front. The members of the train will be big game, and will be responsible for every bit of ammunition used by the men of the Lafayette Division. Without their operation the doughboys and the artillerymen would be helpless.

Athletes have their scouts out on the program of activities at Meade next week. Both athletic day and Lafayette Day, which will be celebrated on September 6, will be the biggest holidays of the year.

Ten athletic meets have been arranged already by Bill Sweet, a Y. M. C. A.

EDUCATIONAL

Both Sexes

BANKS BUSINESS COLLEGE

You are wanted this moment to fill a good-paying position as Accountant or Bookkeeper by our Government, Industrial Plants and Business Offices. Begin to train for you will be sure to secure a better salary and hold the place. Our courses are the most practical, short and inexpensive. Call write or phone at once.

DAY SCHOOL SEPT. 3
